

STATEMENT OF PURPOSE

RS30177 / H0116

This bill is an update to 48-603G, Idaho Code, which went into effect July 1, 2022. The law ensures that consumers can easily cancel online subscriptions that would otherwise be automatically renewed. The law was not originally intended to capture companies regulated by the Public Utilities Commission or Federal Communications Commission. So this update clarifies that those companies are exempt from the law. This bill also clarifies how companies must offer citizens the ability cancel a subscription.

FISCAL NOTE
